

# CLOWN FACES

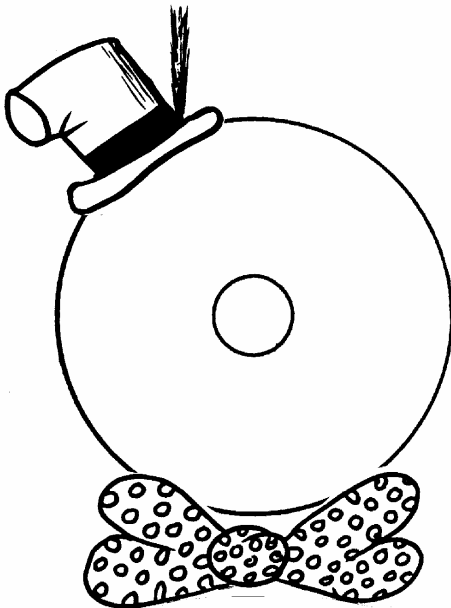

Clowns use many different facial expressions. An “expression” is the look on your face that shows others how you are feeling. Read each sentence, then draw the proper expression on each clown.

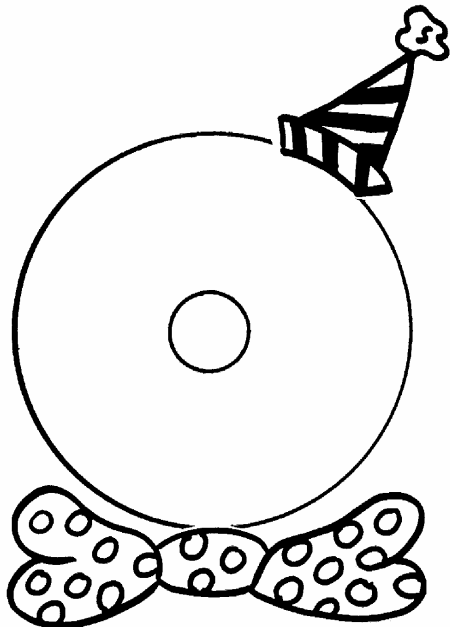

This Clown is Happy.

This Clown is Angry.

This Clown is Sad.

This Clown is Surprised.

Jesus loves us when we are feeling happy, & He loves us when we are feeling sad. He even loves us when we are feeling angry. Jesus is our very best friend!
